1. Executive Summary

Thank you for considering NovaEdge Solutions as your technology partner.

Following our product demonstration and discussions with your management team, we understand that ABC Manufacturing Pvt. Ltd. is seeking a modern Customer Relationship Management (CRM) solution to digitize and streamline its sales operations.

The objective of this proposal is to provide a centralized CRM platform that enables efficient lead management, opportunity tracking, customer engagement, reporting, and AI-assisted sales recommendations.

The proposed solution includes Nova CRM Enterprise, AI Sales Assistant, Analytics Dashboard, WhatsApp Integration, SAP Integration, and Mobile CRM.

As per the commercial discussion and subsequent finance approval, this proposal includes the approved **12% commercial discount**.

2. About NovaEdge Solutions

NovaEdge Solutions Pvt. Ltd. is a software company specializing in AI-powered enterprise applications.

Our key offerings include:

- Customer Relationship Management (CRM)
- AI Sales Assistant
- Marketing Automation
- Business Analytics
- Customer Support Platform
- Workflow Automation

Our solutions help organizations improve customer relationships, increase sales productivity, and automate business processes.

3. Customer Background

Customer Name:
ABC Manufacturing Pvt. Ltd.

Industry:
Manufacturing

Location:
Hyderabad, India

Employees:
450+

Sales Representatives:
35

Current CRM:
None

Current Process:

- Excel spreadsheets
 - Email communication
 - Manual follow-ups
 - Phone-based tracking
-

4. Current Challenges

Proposal_2

NOVAEDGE SOLUTIONS PVT. LTD.

Commercial Proposal

Nova CRM Enterprise for LifeCare Hospitals

Prepared For:

LifeCare Hospitals

Prepared By:

Vikram Sharma

Senior Sales Consultant

NovaEdge Solutions Pvt. Ltd.

Proposal Date: 08 February 2026

Proposal Version: 1.0

Executive Summary

Thank you for considering NovaEdge Solutions as your technology partner.

Following our product demonstration and detailed discussions, we understand that LifeCare Hospitals requires a centralized CRM platform to improve patient enquiry management, corporate relationship management, appointment tracking, and business analytics across its network of hospitals.

NovaEdge proposes implementing **Nova CRM Enterprise** integrated with a **Patient Relationship Module, AI Sales Assistant**, and **Analytics Dashboard** to digitize and streamline customer and corporate engagement.

This proposal incorporates the **approved 10% commercial discount** as confirmed by NovaEdge Finance.

Customer Profile

Customer Name: LifeCare Hospitals

Industry: Healthcare

Number of Hospitals: 12

Employees: 2,500+

Departments Using CRM:

- Corporate Relations
- Marketing

- Business Development
- Customer Care

Current System:

- Microsoft Excel
 - Email Communication
 - Manual Appointment Tracking
-

Current Business Challenges

During discussions, the following challenges were identified:

- Patient enquiries are managed manually.
 - No centralized record of corporate clients.
 - Appointment reminders are sent manually.
 - Customer communication history is difficult to track.
 - Different hospital branches maintain separate records.
 - Management lacks consolidated dashboards.
 - Reporting is manual and time-consuming.
 - No automated workflow for enquiry follow-ups.
-

Customer Requirements

LifeCare Hospitals requested the following capabilities:

- Centralized CRM Platform
 - Patient Enquiry Management
 - Corporate Client Management
 - WhatsApp Appointment Reminders
 - Email Automation
 - Role-Based Access Control
 - Multi-Hospital Dashboard
 - Hospital Information System (HIS) Integration
 - AI-powered Analytics
 - Mobile CRM
-

Proposed Solution

NovaEdge recommends the following solution.

1. Nova CRM Enterprise

Features:

- Lead & Enquiry Management
 - Contact Management
 - Activity Tracking
 - Opportunity Management
 - Multi-branch Support
 - Role-Based Access
-

2. Patient Relationship Module

Features:

- Patient Enquiry Tracking
 - Appointment Scheduling
 - Follow-up Management
 - Referral Tracking
 - Patient Communication History
-

3. AI Assistant

Capabilities:

- AI Follow-up Suggestions
 - Patient Trend Analysis
 - Corporate Lead Scoring
 - Automated Recommendations
-

4. Analytics Dashboard

Features:

- Hospital-wise Reports
- Corporate Sales Dashboard
- Patient Enquiry Dashboard

- Revenue Dashboard
 - KPI Monitoring
-

Integrations

The proposed implementation includes:

- Hospital Information System (HIS)
 - Microsoft Outlook
 - WhatsApp Business API
 - REST API Integration
-

Implementation Plan

Phase 1 – Requirement Gathering

- Stakeholder Meetings
- Process Study
- Requirement Documentation

Phase 2 – CRM Configuration

- User Creation
- Security Roles
- Workflow Setup

Phase 3 – Integration

- HIS Integration
- Email Integration
- WhatsApp Integration

Phase 4 – Data Migration

- Patient Enquiries
- Corporate Client Data
- Historical Records

Phase 5 – Testing

- Functional Testing
- User Acceptance Testing
- Performance Validation

Phase 6 – Go-Live

- Production Deployment
 - Hypercare Support
-

Project Timeline

Week Activity

Week 1 Requirement Gathering

Week 2 CRM Configuration

Week 3 HIS & Email Integration
