Business Philosophy

At NovaEdge, we believe technology should simplify business operations rather than complicate them.

Every solution we build focuses on improving customer experience, increasing employee productivity, and enabling data-driven decision-making.

Our commitment is to deliver reliable, secure, scalable, and intelligent software solutions that create measurable business value.

2. Vision, Mission & Core Values

Vision

To become the most trusted provider of AI-powered Customer Relationship Management solutions, enabling organizations worldwide to build stronger customer relationships and accelerate sustainable business growth.

Mission

Our mission is to empower organizations through innovative CRM technology that simplifies sales operations, automates repetitive tasks, improves customer engagement, and delivers actionable business intelligence.

Core Values

Customer First

Customer success is the foundation of our business.

Every employee should prioritize customer satisfaction in every interaction.

Integrity

We conduct business honestly and ethically.

Employees must always communicate transparently and avoid making false commitments.

Innovation

We continuously improve our products and encourage employees to propose new ideas and improvements.

Teamwork

Collaboration across departments is essential for delivering successful customer projects.

Accountability

Employees are responsible for the commitments they make.

Every task should be completed within agreed timelines.

Continuous Learning

Technology evolves rapidly.

Employees are encouraged to continuously improve their technical and professional skills.

Excellence

We strive for excellence in customer service, software quality, and project delivery.

3. Company Policies

Working Hours

Official working hours are:

Monday to Friday

9:00 AM – 6:00 PM

Employees are expected to log into company systems before the start of business hours.

Attendance Policy

Employees must maintain a minimum attendance of 95%.

Repeated late arrivals may result in disciplinary action.

Managers must be informed in advance regarding planned leave.

Leave Policy

Annual Paid Leave

18 Days

Sick Leave

10 Days

Casual Leave

7 Days

Public Holidays

As per the company holiday calendar.

Hybrid Work Policy

Hybrid work is permitted only with manager approval.

Employees working remotely must remain available during business hours.

All customer meetings should be attended professionally.

Email Policy

Official communication must be conducted using company email addresses.

Employees should respond to customer emails within one business day.

Confidential customer information must never be shared through personal email accounts.

Information Security Policy

Employees must:

- Use strong passwords.
- Enable multi-factor authentication.

- Lock systems before leaving their desks.
 - Never share login credentials.
 - Report suspected security incidents immediately.
-

Data Privacy Policy

Customer information is confidential.

Employees must never:

- Copy customer databases.
 - Export customer records without approval.
 - Share confidential proposals externally.
 - Store customer information on personal devices.
-

Software Usage Policy

Only approved software may be installed on company devices.

Downloading unauthorized applications is prohibited.

Internet Usage Policy

Company internet should primarily be used for business activities.

Accessing illegal or inappropriate websites is strictly prohibited.

Document Management Policy

Every proposal, quotation, and contract must be uploaded into Nova CRM.

Employees must maintain version history for customer documents.

4. Employee Code of Conduct

Every employee represents NovaEdge Solutions.

Professional conduct is expected during all customer interactions.

Employees shall:

- Treat customers respectfully.
- Dress professionally during meetings.
- Maintain punctuality.

- Keep commitments.
 - Protect confidential information.
 - Follow company policies.
-

Employees shall never:

- Misrepresent product capabilities.
 - Promise unsupported features.
 - Offer unauthorized discounts.
 - Use offensive language.
 - Discuss confidential customer information in public.
 - Share internal documents externally.
-

Meeting Etiquette

Before the meeting:

Research the customer.

Prepare an agenda.

Review previous communications.

Understand customer requirements.

During the meeting:

Introduce yourself professionally.

Listen carefully.

Take notes.

Avoid interrupting customers.

Answer questions honestly.

After the meeting:

Send meeting minutes.

Update CRM.

Schedule follow-up activities.

Share agreed action items.

Conflict of Interest

Employees must disclose any business relationship that could influence professional decisions.

Accepting gifts exceeding company limits requires manager approval.

Social Media Policy

Employees may not publish confidential customer information.

Only authorized personnel may represent NovaEdge publicly.

6. About Nova CRM

Introduction

Nova CRM Enterprise is a cloud-based Customer Relationship Management (CRM) platform developed by NovaEdge Solutions Pvt. Ltd. It enables organizations to manage the complete customer lifecycle—from lead generation to customer onboarding and post-sales support.

The platform centralizes customer information, automates sales activities, improves collaboration among teams, and provides real-time business insights through dashboards and reports.

Nova CRM is designed to eliminate manual processes, reduce paperwork, improve follow-up efficiency, and increase customer satisfaction.

What is CRM?

Customer Relationship Management (CRM) is a software application used to manage all interactions with customers and prospects.

A CRM system helps organizations:

- Store customer information
- Track leads and opportunities
- Manage sales pipelines
- Schedule meetings and follow-ups
- Send quotations and proposals
- Generate reports
- Analyze customer behavior
- Improve customer satisfaction

Why Businesses Need CRM

Many organizations manage customer information using Excel spreadsheets, emails, and notebooks.

This creates problems such as:

- Duplicate customer records
- Missed follow-ups
- Lack of sales visibility
- Poor communication
- No centralized database
- Difficulty generating reports

Nova CRM solves these problems by maintaining a centralized and secure customer database.

Benefits of Nova CRM

Organizations using Nova CRM experience:

- Improved lead conversion
- Faster sales cycles
- Better customer engagement
- Automated follow-ups

- Accurate sales forecasting
 - Reduced manual work
 - Improved collaboration
 - Increased customer retention
-

Users of Nova CRM

Nova CRM can be used by:

- Sales Executives
- Sales Managers
- Marketing Teams
- Customer Support Teams
- Business Development Managers
- Customer Success Teams
- Senior Management
- Company Directors

Each user receives role-based access according to company policy.

Deployment Options

Nova CRM supports:

- Cloud Deployment
 - On-Premise Deployment
 - Hybrid Deployment
-

Security Features

Nova CRM includes enterprise-grade security:

- Role-Based Access Control (RBAC)
- Multi-Factor Authentication (MFA)
- Data Encryption (AES-256)
- SSL Secure Communication
- Audit Logs
- Automatic Backups

- Password Policies
 - IP Access Restrictions
-

7. Product Portfolio

NovaEdge Solutions provides the following products.

7.1 Nova CRM Enterprise

Purpose:

Centralized customer relationship management.

Main Features:

- Lead Management
- Contact Management
- Opportunity Management
- Accounts
- Activities
- Sales Pipeline
- Dashboard
- Reports
- Mobile CRM
- Workflow Automation

Ideal Customers:

- Manufacturing
- Healthcare
- Retail
- Education
- Logistics
- Banking

Business Benefits:

- Faster sales process
- Improved productivity
- Better reporting

7.2 Nova Sales AI

Purpose:

AI-powered assistant for sales teams.

Capabilities:

- Lead Scoring
- Next Best Action
- Opportunity Prediction
- Revenue Forecasting
- Sales Insights
- Customer Recommendations

Benefits:

- Improves conversion rates
 - Reduces manual analysis
 - Helps prioritize leads
-

7.3 Marketing Automation

Purpose:

Automate customer communication.

Features:

- Email Campaigns
 - SMS Campaigns
 - WhatsApp Campaigns
 - Customer Segmentation
 - Drip Campaigns
 - Marketing Analytics
-

7.4 Analytics Dashboard

Purpose:

Provide management with business insights.

Features:

- Sales Dashboard
 - Revenue Dashboard
 - Pipeline Dashboard
 - Regional Performance
 - Employee Performance
 - Campaign Analytics
-

7.5 Customer Loyalty Platform

Features:

- Reward Points
 - Membership Levels
 - Coupons
 - Cashback
 - Promotional Campaigns
-

7.6 Patient Relationship Module

Designed specifically for healthcare organizations.

Features:

- Patient Enquiry Management
 - Appointment Tracking
 - Follow-up Management
 - Referral Tracking
 - Patient Communication
-

7.7 Customer Support Portal

Features:

- Ticket Management
- SLA Tracking
- Knowledge Base
- Escalation Workflow
- Customer Feedback

8. CRM Modules

Nova CRM consists of multiple functional modules.

Lead Management

Purpose:

Capture and manage potential customers.

Features:

- Create Lead
- Edit Lead
- Assign Lead
- Lead Status
- Lead Source
- Lead Score
- Follow-up Reminder

Lead Status Options:

- New
 - Contacted
 - Qualified
 - Proposal Sent
 - Negotiation
 - Won
 - Lost
-

Contact Management

Stores all customer contact information.

Fields include:

- Customer Name
- Company
- Email
- Phone

- Address
 - Industry
 - Designation
-

Opportunity Management

Tracks potential sales.

Information stored:

- Opportunity Name
 - Expected Revenue
 - Probability
 - Closing Date
 - Stage
 - Assigned Executive
-

Account Management

Maintains company-level information.

Includes:

- Organization Name
 - Industry
 - Employees
 - Revenue
 - Branches
 - Existing Products
-

Activity Management

Track all customer activities.

Examples:

- Calls
- Emails
- Meetings
- Follow-ups

- Tasks
-

Calendar

Schedules:

- Meetings
 - Product Demonstrations
 - Follow-ups
 - Customer Visits
-

Task Management

Assign tasks to employees.

Examples:

- Call Customer
 - Prepare Proposal
 - Schedule Demo
 - Send Quotation
-

Campaign Management

Manage marketing campaigns.

Supports:

- Email Campaigns
 - SMS Campaigns
 - WhatsApp Campaigns
 - Event Campaigns
-

Dashboard

Displays:

- Revenue
- Pipeline
- Lead Status
- Monthly Sales

- Conversion Rate
 - Employee Performance
-

Reports

Generate reports such as:

- Daily Sales Report
 - Monthly Revenue
 - Lead Conversion
 - Opportunity Report
 - Lost Opportunity Analysis
 - Employee Performance
-

Mobile CRM

Employees can:

- View customers
 - Update opportunities
 - Schedule meetings
 - Scan business cards
 - Upload documents
-

Integration Module

Supports integration with:

- SAP ERP
 - Microsoft Outlook
 - Gmail
 - WhatsApp Business
 - Payment Gateways
 - REST APIs
-

9. Target Industries

Nova CRM is designed for multiple industries.

Manufacturing

Use Cases:

- Dealer Management
- Distributor Management
- Quotation Tracking
- Sales Forecasting

Healthcare

Use Cases:

- Patient Enquiries
- Appointment Management
- Corporate Sales
- Referral Tracking

Retail

Use Cases:

- Loyalty Programs
- Campaign Management
- Purchase History
- Customer Analytics

Banking & Finance

Use Cases:

- Loan Enquiries
- Customer Relationship Management
- Branch Sales Monitoring

Real Estate

Use Cases:

- Property Leads

- Site Visit Scheduling
 - Booking Management
-

Education

Use Cases:

- Student Admissions
 - Counselling
 - Follow-up Management
-

Logistics

Use Cases:

- Customer Accounts
 - Shipment Tracking
 - Corporate Sales
-

IT Services

Use Cases:

- Project Leads
 - Proposal Management
 - Client Relationship Management
-

Best Practices

Employees should always recommend industry-specific modules instead of selling unnecessary products.

Understand customer pain points before proposing solutions.

Focus on solving business problems rather than only explaining software features.

Always demonstrate relevant modules based on the customer's industry.

Never promise unsupported functionality without consulting the Product Team.

End of Part 2

PART 3

10. Sales Process

Introduction

The NovaEdge Sales Process is a standardized workflow designed to ensure every customer receives a consistent and professional buying experience. Every sales opportunity should follow this process unless otherwise approved by management.

Following the defined process improves sales conversion, customer satisfaction, and forecasting accuracy.

Standard Sales Process

Lead Received

Lead Qualification

Initial Customer Contact

Discovery Meeting

Requirement Gathering

Product Demonstration

Technical Discussion

Commercial Proposal

Negotiation

Discount Approval (If Required)

Proposal Revision

Customer Approval

Stage 1 – Lead Received

A lead is any individual or organization showing interest in Nova CRM.

Lead Sources:

- Company Website
- LinkedIn
- Email Campaigns
- Referrals
- Trade Shows
- Partner Network
- Cold Calling
- Existing Customers
- Social Media
- Marketing Campaigns

Sales Executive Responsibilities

- Create lead in CRM within **24 hours**.
- Assign ownership.

- Verify contact details.
 - Identify industry.
 - Schedule the first contact.
-

Stage 2 – Lead Qualification

Not every lead becomes a customer.

Sales executives must determine whether the lead is worth pursuing.

Qualification Framework – BANT

Budget

Does the customer have a budget for CRM implementation?

Questions to ask:

- Have you allocated a budget for this project?
 - Is funding already approved?
-

Authority

Identify the decision maker.

Questions:

- Who approves software purchases?
- Who will sign the agreement?

Possible decision makers:

- CEO
 - Director
 - Sales Head
 - IT Manager
 - Procurement Manager
-

Need

Understand the customer's business problems.

Example questions:

- Why are you looking for a CRM?
- What challenges are you facing?

- What software do you currently use?
-

Timeline

Understand project urgency.

Questions:

- When do you plan to implement the CRM?
 - Are there any business deadlines?
-

Lead Qualification Criteria

A qualified lead generally has:

- Identified business need
- Decision maker involved
- Budget availability
- Implementation timeline
- Interest in a demonstration

If these are not present, nurture the lead instead of pushing for a proposal.

11. Lead Generation

Objective

Generate a continuous pipeline of qualified leads.

Source 1 – Company Website

Customers fill out enquiry forms.

Sales team must respond within **4 business hours**.

Source 2 – LinkedIn

Activities:

- Connect with decision makers
 - Share product updates
 - Respond to enquiries
 - Schedule discovery calls
-

Source 3 – Cold Calling

Before calling:

- Research the company
- Identify the correct contact
- Prepare a value proposition

During the call:

- Introduce yourself
 - Explain Nova CRM briefly
 - Ask discovery questions
 - Request a meeting
-

Source 4 – Email Campaigns

Marketing sends campaigns to potential customers.

Sales executives should follow up on interested responses within one business day.

Source 5 – Customer Referrals

Existing customers may refer new organizations.

Referral leads receive high priority because of their higher conversion rate.

Source 6 – Events & Trade Shows

Collect:

- Business cards
- Company information
- Product interest
- Follow-up requirements

All leads must be entered into CRM within 24 hours.

Lead Prioritization

Priority Levels:

High

- Budget confirmed

- Decision maker identified
- Immediate requirement

Medium

- Requirement exists
- Budget under discussion

Low

- Information gathering only
 - No timeline
-

12. Customer Meeting Guidelines

Before the Meeting

Research the customer's:

- Industry
- Company size
- Products
- Competitors
- Existing software
- Website
- LinkedIn profile

Review:

- Previous emails
- CRM notes
- Meeting agenda

Prepare:

- Product presentation
 - Demo environment
 - Internet connection
 - Proposal template
-

During the Meeting

Start by introducing yourself and NovaEdge Solutions.

Explain the meeting agenda.

Listen more than you speak.

Ask open-ended questions such as:

- What challenges are you facing?
- Why are you replacing your current system?
- Which departments will use the CRM?
- What integrations are required?
- How many users will access the system?
- What reports do management require?

Take detailed notes.

Do not interrupt the customer.

Avoid making commitments without confirmation.

After the Meeting

Within one business day:

- Send thank-you email.
 - Share meeting minutes (MoM).
 - Update CRM.
 - Assign follow-up tasks.
 - Schedule the next meeting if required.
-

13. Product Demonstration Process

Objective

Demonstrate how Nova CRM solves the customer's business challenges.

Before the Demo

Checklist:

- ✓ Confirm meeting time.
- ✓ Prepare demo environment.
- ✓ Load sample customer data.
- ✓ Verify internet connectivity.

✓ Prepare FAQs.

✓ Test integrations if required.

Demo Flow

1. Company Introduction
 2. Product Overview
 3. Customer Challenges
 4. Live Demonstration
 5. Industry-Specific Use Cases
 6. AI Features
 7. Reports & Dashboards
 8. Questions & Answers
 9. Next Steps
-

Modules to Demonstrate

- Dashboard
 - Lead Management
 - Opportunity Management
 - Contact Management
 - Reports
 - Mobile CRM
 - AI Sales Assistant
 - Marketing Automation
 - WhatsApp Integration
-

Common Customer Questions

Q. Can Nova CRM integrate with SAP?

Answer:

Yes, using standard REST APIs or middleware.

Q. Is mobile access available?

Answer:

Yes, Android and iOS applications are supported.

Q. Does Nova CRM support role-based access?

Answer:

Yes, administrators can configure user roles and permissions.

Q. Can customer data be imported?

Answer:

Yes, data can be imported from Excel, CSV, or existing CRM systems.

Demo Best Practices

- Keep the demo within 45–60 minutes.
 - Focus on the customer's industry.
 - Use realistic examples.
 - Avoid showing unnecessary features.
 - Encourage questions.
 - End with clear next steps.
-

14. Customer Requirement Gathering

A successful implementation depends on collecting accurate business requirements.

Business Information

Collect:

- Company Name
 - Industry
 - Number of Employees
 - Number of CRM Users
 - Existing Software
 - Number of Branches
-

Business Objectives

Understand:

- Why the customer needs CRM
 - Expected business outcomes
 - Success criteria
-

Current Challenges

Examples:

- Manual processes
 - Lost follow-ups
 - Duplicate customer records
 - Poor reporting
 - No sales visibility
-

Functional Requirements

Identify required features:

- Lead Management
 - Opportunity Tracking
 - Marketing Automation
 - Customer Support
 - Mobile Access
 - Reports
 - Dashboards
-

Integration Requirements

Possible integrations:

- SAP ERP
- Microsoft Dynamics
- Outlook
- Gmail
- WhatsApp Business

- Payment Gateway
 - REST APIs
-

Technical Requirements

Collect:

- Deployment preference
 - User count
 - Security requirements
 - Authentication method
 - Backup requirements
-

Commercial Information

Understand:

- Budget
 - Decision makers
 - Expected timeline
 - Procurement process
-

Requirement Checklist

Before preparing a proposal, ensure all of the following are documented:

- ✓ Customer objectives
 - ✓ Business challenges
 - ✓ Required modules
 - ✓ Integration needs
 - ✓ User count
 - ✓ Budget
 - ✓ Timeline
 - ✓ Decision makers
 - ✓ Risk factors
-

Common Mistakes to Avoid

- Preparing a proposal before understanding the customer's needs.
 - Assuming integrations are available without verification.
 - Ignoring budget constraints.
 - Promising features not supported by the product.
 - Failing to document meeting notes in CRM.
-

End of Part 3

PART 4

15. Proposal Preparation Guidelines

Purpose

A commercial proposal is an official business document that describes the solution, implementation plan, pricing, commercial terms, and support offered to the customer.

Every proposal represents NovaEdge Solutions. Therefore, every proposal must be accurate, professional, and approved before being sent to the customer.

Proposal Objectives

A proposal should:

- Address customer business problems.
 - Explain the proposed solution.
 - Build customer confidence.
 - Clearly present pricing.
 - Define implementation scope.
 - Define responsibilities.
 - Help close the sales opportunity.
-

Standard Proposal Structure

Every proposal must contain the following sections.

1. Cover Page
2. Executive Summary
3. Customer Background
4. Business Challenges

5. Customer Requirements
 6. Proposed Solution
 7. Modules Included
 8. Features
 9. Project Scope
 10. Implementation Methodology
 11. Project Timeline
 12. Deliverables
 13. Training
 14. Support & Maintenance
 15. Commercial Proposal
 16. Payment Terms
 17. Assumptions
 18. Terms & Conditions
 19. Contact Information
-

Proposal Preparation Checklist

Before preparing the proposal, verify:

- ✓ Customer requirements are complete.
 - ✓ Decision maker identified.
 - ✓ Budget discussed.
 - ✓ Required modules finalized.
 - ✓ Integrations confirmed.
 - ✓ Pricing approved.
 - ✓ Implementation timeline discussed.
 - ✓ Customer company details verified.
-

Proposal Quality Standards

Every proposal must:

- Use the official company template.

- Be free of spelling and grammar errors.
 - Include the latest pricing.
 - Include GST information.
 - Mention proposal validity.
 - Mention support period.
 - Mention payment terms.
 - Include customer name correctly.
 - Include sales consultant details.
-

Proposal Review Process

Sales Executive

Sales Manager Review

Finance Approval (if discount applicable)

Proposal Generated

Sent to Customer

Proposal Validity

Standard Proposal Validity

30 Calendar Days

After 30 days:

- Pricing may change.
 - Proposal should be regenerated.
 - Commercial approval may be required again.
-

Proposal Version Control

Every proposal must contain:

Version Number

Prepared Date

Prepared By

Revision Number

Customer Name

Document Number

16. Pricing Policy

NovaEdge follows a standardized pricing model.

Sales employees are **not permitted to create custom pricing without approval.**

Standard Products

Product	Standard Price
Nova CRM Enterprise	₹8,00,000
Nova Sales AI	₹2,50,000
Analytics Dashboard	₹1,50,000

Patient Relationship Module	₹4,00,000
Customer Loyalty Platform	₹2,00,000
WhatsApp Integration	₹75,000
SAP Integration	₹1,25,000
POS Integration	₹1,00,000

Implementation Charges

Small Business

₹1,00,000

Medium Enterprise

₹2,00,000

Large Enterprise

₹3,00,000

Training Charges

Standard User Training

₹1,00,000

Administrator Training

₹75,000

Advanced Technical Training

₹1,50,000

Annual Support Charges

Standard Support

₹1,50,000

Premium Support

₹2,50,000

Enterprise Support

₹4,00,000

Pricing Rules

Prices are reviewed annually.

GST is extra unless stated otherwise.

Prices include standard implementation only.

Customization is charged separately.

Travel expenses are billed separately for onsite implementation.

Prices remain confidential.

Employees must never disclose internal pricing calculations.

17. Discount Approval Policy

Objective

Discounts should only be offered to improve business opportunities while protecting company profitability.

Discount Approval Matrix

Discount	Approval Authority
0%–5%	Sales Executive
Above 5%–10%	Sales Manager
Above 10%–15%	Finance Manager
Above 15%	Director – Sales
Above 20%	CEO Approval Required

Rules

Employees must never promise discounts before obtaining approval.

Discount requests must include:

- Customer Name
 - Opportunity Value
 - Requested Discount
 - Business Justification
 - Expected Revenue
 - Future Business Opportunity
-

Maximum Discount Policy

Maximum Standard Discount

15%

Any request above 15% requires written approval from the Director of Sales.

Discounts above 20% require CEO approval.

When Discounts Can Be Offered

Discounts may be considered:

- Large implementation projects.
- Multi-year contracts.
- Enterprise customers.
- Strategic customers.
- Government projects.

- Existing customers renewing licenses.
-

When Discounts Cannot Be Offered

Discounts cannot be applied:

- After Purchase Order (PO) is issued.
 - After contract signing.
 - After invoice generation.
 - During active legal disputes.
 - Without documented business justification.
-

Discount Documentation

Every approved discount must be recorded in:

- CRM Opportunity
 - Finance Approval Email
 - Commercial Proposal
 - Audit Log
-

Expiry of Approved Discounts

Approved discounts remain valid for:

30 Calendar Days

If the customer delays beyond 30 days:

- Commercial approval expires.
 - New approval is required.
-

18. Sales Rules & Regulations

Every employee must follow these rules.

Lead Management

1. Every lead must be entered into CRM within 24 hours.
2. Duplicate leads are prohibited.
3. Every lead must have an owner.
4. Lead status must be updated after every customer interaction.

Customer Meetings

5. Meeting agenda must be prepared in advance.
6. Meeting Minutes (MoM) must be sent within one business day.
7. Customer meetings must be recorded in CRM.

Product Demonstration

8. Demo should normally be completed within five working days of enquiry.
9. Demo environment must be tested beforehand.
10. Only approved product versions should be demonstrated.

Proposal Management

11. Proposal should normally be sent within three business days after gathering complete requirements.
12. Only official proposal templates may be used.
13. Proposal versions must be tracked.

Pricing

14. Employees must not modify pricing without approval.
15. Unauthorized discounts are prohibited.
16. Finance approval is mandatory where applicable.

Customer Communication

17. Customer emails should receive an initial response within one business day.
18. Calls should be returned within four business hours whenever possible.
19. Professional language must always be used.

CRM Updates

20. Every call, meeting, and email must be logged in CRM.
21. Opportunities should be reviewed weekly.
22. Closed Won and Closed Lost opportunities must include remarks.

Data Security

- 23. Customer data must never be copied to personal devices.
- 24. Password sharing is prohibited.
- 25. Customer proposals are confidential.

Compliance

- 26. Employees must follow all company policies.
- 27. Misrepresentation of product capabilities is prohibited.
- 28. Verbal commitments outside the proposal are not binding.
- 29. Only approved marketing material may be shared.
- 30. Customer feedback must be recorded after every implementation.

Consequences of Policy Violations

Failure to comply with company policies may result in:

- Verbal Warning
- Written Warning
- Suspension of Proposal Approval Rights
- Performance Review
- Disciplinary Action
- Termination (for serious misconduct)

Best Practices

- Always understand customer requirements before proposing a solution.
- Keep CRM updated daily.
- Maintain professionalism in every interaction.
- Never overpromise product capabilities.
- Escalate commercial concerns early.
- Build long-term customer relationships rather than focusing only on closing deals.

End of Part 4

PART 5

19. Customer Communication Guidelines

Purpose

Professional communication builds customer trust and strengthens long-term business relationships.

Every employee represents NovaEdge Solutions during customer interactions. Communication should always be clear, professional, respectful, and solution-oriented.

Communication Channels

Approved communication channels include:

- Official Company Email
- Microsoft Teams
- Microsoft Outlook
- Company Phone
- Business WhatsApp
- Video Conferences
- Face-to-Face Meetings

Personal email accounts should never be used for official customer communication.

Email Communication Standards

Every email should include:

- Professional greeting
- Clear subject line
- Purpose of the email
- Required action (if any)
- Professional closing
- Employee signature

Example Subject Lines:

- Product Demonstration Confirmation
- Proposal Submission
- Meeting Minutes
- Discount Approval Update

- Implementation Schedule
-

Email Response Time

Priority	Response Time
-----------------	----------------------

High	Within 4 Business Hours
------	-------------------------

Medium	Within 1 Business Day
--------	-----------------------

Low	Within 2 Business Days
-----	------------------------

Telephone Etiquette

When answering customer calls:

- Introduce yourself.
 - Speak clearly.
 - Confirm customer identity.
 - Listen carefully.
 - Never interrupt.
 - Take notes.
 - Confirm next steps before ending the call.
-

Meeting Etiquette

Before Meeting

- Review customer history.
- Prepare agenda.
- Test presentation.
- Carry proposal copies if required.

During Meeting

- Maintain eye contact.
- Allow customers to explain problems.
- Ask open-ended questions.
- Demonstrate only relevant features.
- Avoid technical jargon unless appropriate.

After Meeting

- Send Meeting Minutes.
 - Update CRM.
 - Schedule follow-up.
 - Assign internal action items.
-

Communication Do's

- ✓ Respond promptly.
 - ✓ Be respectful.
 - ✓ Use professional language.
 - ✓ Confirm customer understanding.
 - ✓ Keep promises.
 - ✓ Follow up regularly.
-

Communication Don'ts

- ✗ Do not argue with customers.
 - ✗ Never criticize competitors.
 - ✗ Never make false promises.
 - ✗ Do not disclose confidential pricing.
 - ✗ Do not ignore customer emails.
 - ✗ Avoid slang or informal language.
-

20. Customer Objection Handling

Purpose

Customer objections are a natural part of the sales process.

The objective is to understand concerns and provide appropriate solutions rather than trying to "win an argument."

Common Objection 1

"Our current CRM works fine."

Recommended Response:

"I completely understand. Many of our existing customers initially felt the same. However, after implementing Nova CRM, they experienced improved reporting, AI-powered insights, and better sales visibility. We'd be happy to demonstrate how Nova CRM can complement or improve your current process."

Common Objection 2

"The price is too high."

Recommended Response:

Avoid immediately offering a discount.

Instead explain:

- Return on Investment (ROI)
- Time saved
- Automation benefits
- Reduced manual effort
- Improved sales conversion

Only discuss discounts after understanding customer concerns.

Common Objection 3

"We need management approval."

Recommended Response:

Offer:

- Executive presentation
 - ROI document
 - Business case
 - Proposal summary
 - Technical discussion
-

Common Objection 4

"We're evaluating other vendors."

Recommended Response:

Respectfully explain NovaEdge's advantages:

- AI-powered CRM
- Faster implementation
- Better support
- Industry-specific solutions
- Flexible integrations

Never criticize competitors.

Common Objection 5

"We need more features."

Response:

Thank the customer.

Document the requirement.

Consult Product Team.

Avoid committing until officially confirmed.

21. Negotiation Best Practices

Objective

Negotiation should create value for both NovaEdge and the customer.

The objective is not simply to reduce price but to reach a mutually beneficial agreement.

Negotiation Principles

- Understand customer priorities.
 - Focus on business value.
 - Do not negotiate emotionally.
 - Never promise unauthorized discounts.
 - Keep discussions professional.
-

During Negotiation

Understand:

Budget

Timeline

Decision makers

Business priorities

Implementation expectations

Future growth opportunities

Acceptable Negotiation Topics

- Payment schedule
 - Implementation timeline
 - Support package
 - Training
 - Deployment plan
 - Discount (after approval)
-

Topics That Require Approval

- Product customization
- Commercial pricing
- Contract changes
- Extended support

- Multi-year licensing

Negotiation Do's

- ✓ Listen carefully.
- ✓ Ask questions.
- ✓ Explain business value.
- ✓ Document agreements.
- ✓ Confirm next steps.

Negotiation Don'ts

- ✗ Never negotiate without CRM updates.
- ✗ Never promise unsupported functionality.
- ✗ Never commit discounts before approval.
- ✗ Never pressure customers.

22. Deal Closure Process

Standard Deal Closure

Customer accepts proposal

↓

Commercial approval completed

✓ Kickoff Meeting Scheduled

24. Customer Success Process

Customer success begins after Go Live.

Customer Success Activities

- Welcome Meeting
- Product Adoption Review
- Quarterly Business Review
- Health Check
- User Training

- Renewal Planning
 - Upselling Opportunities
-

Customer Health Indicators

Healthy Customer

- Active Users
- High Login Frequency
- Positive Feedback
- Timely Payments

Risk Customer

- Low CRM Usage
 - Frequent Complaints
 - Delayed Payments
 - Poor Adoption
-

Renewal Process

90 Days Before Renewal

↓

Review Usage

↓

Customer Meeting

↓

Renewal Proposal

↓

↓

Contract Renewal

Customer Satisfaction

Support teams should collect customer feedback after:

- Product Demonstration

- Implementation
- Training
- Go Live
- Support Resolution

Customer Satisfaction Score (CSAT) should be maintained above **90%**.

Best Practices

- Build long-term relationships rather than focusing only on closing deals.
 - Always communicate proactively.
 - Keep customers informed about project progress.
 - Respond to concerns quickly.
 - Treat every interaction as an opportunity to strengthen trust.
-

End of Part 5

PART 6

25. CRM Data Entry Standards

Purpose

Maintaining accurate and complete customer information is essential for reporting, forecasting, and customer relationship management.

Every sales employee is responsible for ensuring that all customer records entered into Nova CRM are accurate, complete, and up to date.

Mandatory Lead Fields

Every lead must include the following information:

- Lead Name
- Company Name
- Industry
- Contact Person
- Designation
- Email Address
- Mobile Number
- Country

- State
- City
- Lead Source
- Assigned Sales Executive
- Lead Status
- Expected Deal Value
- Expected Closing Date
- Customer Requirements
- Next Follow-up Date

Leads with incomplete information should not be marked as "Qualified."

Opportunity Data Standards

Each opportunity record must contain:

- Opportunity Name
 - Customer Name
 - Opportunity Stage
 - Probability of Closure (%)
 - Estimated Revenue
 - Expected Closing Date
 - Competitors (if any)
 - Proposal Version
 - Discount Approved
 - Decision Maker
 - Notes from Customer Meetings
-

Activity Logging

Every interaction with a customer must be recorded in CRM.

Activities include:

- Phone Calls
- Emails
- Meetings

- Product Demonstrations
- Proposal Discussions
- Follow-up Calls
- WhatsApp Conversations (Business Account)
- Site Visits

Activity details should include:

- Date
- Time
- Summary
- Next Action
- Responsible Employee

Data Quality Rules

- Do not create duplicate customer records.
 - Verify customer email before saving.
 - Use official company names.
 - Keep customer contact details updated.
 - Remove obsolete opportunities only with manager approval.
 - Every closed opportunity must include a closure reason.
-

26. Follow-up Rules & Service Level Agreement (SLA)

Follow-up Timeline

Activity	Standard Response Time
New Lead	Within 4 Business Hours
Customer Email	Within 1 Business Day
Product Demo Request	Within 2 Business Days
Proposal Submission	Within 3 Business Days
Discount Approval Request	Within 1 Business Day
Customer Complaint	Within 2 Business Hours

Activity	Standard Response Time
Support Escalation	Within 4 Business Hours

Follow-up Frequency

After Initial Contact

→ Within 24 Hours

After Product Demonstration

→ Within 48 Hours

After Proposal Submission

→ Every 3 Business Days

After Negotiation

→ Within 24 Hours

Lost Opportunity

→ Reconnect after 90 Days

Existing Customers

→ Quarterly Business Review

Follow-up Best Practices

✓ Always summarize previous discussions.

✓ Confirm action items.

✓ Schedule the next meeting.

✓ Update CRM immediately.

✓ Avoid excessive follow-up calls.

27. Escalation Matrix

Certain situations require involvement from specialized teams.

Conclusion

Every employee is expected to follow the policies, processes, and best practices described in this handbook.

Consistent use of Nova CRM, professional customer communication, timely follow-ups, and adherence to company policies will contribute to long-term customer satisfaction and business growth.

This handbook should be reviewed regularly and updated whenever business processes, products, or company policies change.
